The curriculums are made up of 28 courses for carers to complete over time. Training in the curriculums is split into two sections, priority and recommended. You should complete all training in the priority section before you are able to move onto training in the recommended section. If you have previously completed courses in the priority section before November 2019 and they aren't showing on your My Learning training record, please contact ESCA at <u>ESCA@essex.gov.uk</u> to advise us which course you completed and we will support you to book training in the recommended section.
