## At Karndean we see flooring differently...

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs.

By combining these original features with cutting edge design, we create simply beautiful floors that you'll love for a lifetime.

# Product overview

We offer three types of product:  
Loose lay, rigid core and gluedown.

Below is a guide to which product type may suit your space. Each product offers various benefits for different applications. To find out which product best suits your needs, we recommend you speak to your local flooring retailer.

## Loose lay

Our loose lay ranges are individual planks and tiles that have a K-Wave® friction grip and acoustic backing. Its friction grip backing can be stuck down using a tacky adhesive.

-  Individually replaceable
-  Quick and easy to install
-  Acoustic qualities
-  No expansion gap required

## Rigid core

Our rigid core products, are floating floor with a click-locking mechanism that clicks together individual planks and tiles. It has an inbuilt acoustic backing that requires no adhesive.

-  Enables preservation of existing floor
-  5G® click-locking mechanism
-  Hides subfloor imperfections
-  Quick and easy to install
-  Acoustic qualities
-  Installs over most existing hard floors

## Gluedown

Our gluedown ranges are individual planks and tiles that are stuck down using permanent adhesive.

-  Wide range of designs
-  Design capabilities
-  No expansion gap required
-  Suitable for any budget

# Why Karndean?

All the benefits of Karndean Designflooring...

## Realistic designs

Inspired by nature, our products are designed in-house and realistically replicate the look and feel of real wood and stone materials.

## Durable

Compared to other flooring alternatives, Karndean gives you the look and feel of natural products but with the durability and resilience of luxury vinyl.

## Low maintenance

Easy to clean with a sweep or mop. Doesn't require sanding, varnishing or staining.

## Pet friendly

From muddy paw prints to household accidents and anything in-between, Karndean's low-maintenance floors are designed with pets in mind.

## Kid friendly

Karndean floors offer children a safe and comfortable space to play, and parents a durable, easy-to-clean surface.

## Waterproof

Karndean's waterproof floors stand up to spills of all sizes.

## Environmentally friendly

All of our products meet the recognised standards for sustainable design as well as being fully recyclable.

## Compatible with underfloor heating

Karndean is perfectly suitable for underfloor heating systems up to 27°C.

## Comfortable underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring.

## Lifetime warranty

Every Karndean floor is guaranteed to last for years to come.

# Why choose a loose lay floor?

The unique benefits of a loose lay floor...

Karndean Looselay Longboard and Karndean LooseLay Originals offer you design flexibility in our versatile loose lay format. Chosen designs can be carried throughout the space without the need for transition strips or expansion gaps. Our loose lay ranges are also our most ergonomic flooring option, meaning it provides the most cushioning and comfort underfoot.

Featuring our K-Wave® friction grip backing that holds the product in place using a combination of weight and friction, loose lay only requires our Hi-Tack Pressure Sensitive adhesive.

## Individually replaceable

Should you need to replace a piece, simply lift the damaged plank or tile and replace with a new one.

## Quick and easy to install

All you need is a sound, smooth, dry and dust free subfloor. Our loose lay ranges can be fitted over most existing hard floors\*.

## Acoustic qualities

Our loose lay ranges are perfect for projects where you want to reduce noise levels in the room below, such as playrooms, bedrooms and garage/loft conversions without the need for underlay.

## K-Wave® friction grip backing

Our K-Wave® friction grip backing creates a strong bond to the subfloor using a combination of weight and friction.

\* Adhesive may be required for some applications, please refer to installation instructions.

# Transferable Purchase Warranty

If you purchased your Karndean Designflooring through a Karndean Retail Partner your warranty will have the added benefit of it being transferable. This means that if you sell your house within your guarantee period, you can pass the warranty on to the new owners.

To qualify for a transferable warranty, you must:

- Adhere to the terms and conditions outlined in the Purchase Warranty
- Purchase from one of our retail partners and they will provide us with your email address to enable us to send you your transferable warranty

For more information or to obtain your Purchase Warranty, please speak with your local flooring retailer or contact our **Customer Service Team**.

The lifetime residential warranty is defined as 35 years and protects against product wear out and manufacturing defects. What's more, the warranties are now transferable to any future owners

(subject to the terms and conditions of the Transferable Purchase Warranty).

## Cleaning and maintaining your Karndean floor

Karndean Designflooring is hardwearing and easy to look after. Our enhanced surface treatment helps protect against everyday wear, spills and scuffs. This makes it easier and more environmentally friendly to clean and maintain, giving you peace of mind that your Karndean floor will look great for years to come. We have a dedicated section on the website with videos which explain how best to look after your Karndean floor and covers lots of frequently asked questions from our customers.

Visit [www.karndean.com/cleaning](http://www.karndean.com/cleaning) for more information. We also have our own Floor Care Kits that you can order from your local retailers including everything you need for a simple cleaning routine.

Cleaning and maintaining

## Inside your Floor Care Kit

Regular cleaning with a pH neutral cleaner such as Karndean Clean will help keep your floor at its best.

Over time you may want to treat your floor to some extra care. We recommend every six to twelve months, depending on wear, that you strip and refresh your floor using Karndean Remove and Karndean Refresh, to further enhance its look and durability.

# Environmental

## Karndean Designflooring and the environment

At Karndean Designflooring we find inspiration for our products in the beauty of the natural world and feel passionate about bringing this into every product we create. In order to keep our environment protected we do everything we can to continuously improve our manufacturing processes to ensure sustainability whilst delivering best value. We have always aimed to make stylish and durable floors with the lowest possible impact on the environment, and have never had to compromise quality or performance in order to comply with legislation or meet environmental requirements.

Karndean Designflooring is a member of the Green Building Councils of Australia and New Zealand and complies with their requirements under GreenStar. All Karndean products and accessories are manufactured in facilities certified to the ISO 14001 Environmental Management and ISO 9001 Quality Management International Standards. Our approach is based on the use of recycled materials in our floor coverings and ensuring that the finished product is suitable for recycling if required.

## What's more...

- All of our packaging is made using recycled material, which we continually review to ensure that it is environmentally friendly and fit for purpose
- We use individual logistical solutions to efficiently and effectively transport our products
- Our storage facilities use high density racking to maximise capacity and minimise impact
- Our offices are introducing innovative energy saving techniques
- We are members of the Green Building Council Australia (GBCA) and Green Building Council New Zealand (NZGBC)
- Our products qualify for eco-points towards GreenStar building projects
- All of our adhesives are water based, solvent-free, have low VOC emissions and are GreenTag certified

## GreenStar GreenTag™ certified

The majority of Karndean luxury vinyl ranges are fully certified to Global GreenTag, the third party multi-criteria, consensus based and externally verified Type 1 eco-labelling program. This is one of the largest product sustainability certification systems in Australasia and the only certification mark approved by the Australian Competition and Consumer Commission (ACCC).

GreenTag comprises two certification systems and the majority of Karndean Designflooring luxury vinyl is certified under both.

## LCARate™

Life Cycle Analysis is for all products and all rating tools that engage LCA with separate output called an Environmental Product Declaration (EPD), which is a summary LCA report used for certain credits in some rating tools for GreenStar.

## GreenRate™

GreenRate is a straight Type 1 eco label developed to meet the requirements of specific green building rating tools. It includes indoor environmental air quality: volatile organic compounds compliant (IEQ VOC) and reduced exposure to pollutants. GreenRate is offered in three levels of quality from Level 'C' up to Level 'A' relevant to GreenStar in Australia and New Zealand.

Karndean Designflooring LVT ranges and adhesives are fully certified under GreenStar GreenRate Level 'A', plus under international FloorScore Indoor Air Quality Certification for low emitting VOC's. Also certified to LCARate "silver streamline".

Learn more and download Karndean Designflooring's GreenTag certificates on our website.

Environmental  
Commitment

## The future

Our continued product innovation focuses on reducing our environmental impact and complying with environmental legislation and recognized certifications worldwide. Our aim is to remain the leading supplier of LVT flooring and to have a market-leading environmental record of achievement through the development of sustainable products and processes.

\*Please note: as a feature of the design, these products incorporate a high variation between individual planks.

**Imagery and Design Reproduction**

Photography and print cannot always produce a perfect representation of our products. This includes colour, pattern variation and installation elements used. For this reason we strongly recommend obtaining a product sample and where possible viewing a larger sample in-store. We also recommend visiting our website for information on installation, after care and product selection: [www.karndean.com/advice](http://www.karndean.com/advice)  
We love developing new ideas and improving on our existing designs which means that sometimes products are withdrawn at short notice. We hate to disappoint and will work with you to find an alternative design. Please contact Customer Service for more information.
